 - Exploring using [Antora](#) for formatting and user

	<ul style="list-style-type: none"> experience ○ Link to all issues that are being worked on by the technical writer & EF team: https://virtua.atlassian.net/jira/software/c/projects/JETUT/issues/?filter=allissues ○ Most recent build: ○ https://virtua-tech.github.io/jakartaee-tutorial-playbook/jakartaee-tutorial/current/index.html ○ Once we have one completely refreshed chapter , we can schedule a Working session with the technical writer to walk MKT CMTE through the progress ○ ● Starter Project: ● Technical writer is resuming the work on article 2,3 and 4 now that the starter project has made a good progress ● technical writer started working on the first article this week to create articles around main specs similar to “next” in spring.io expected to receive the first two articles by end of Dec. <ul style="list-style-type: none"> ○ 1. How to construct and consume a RESTful Web Service for review by 20 January ○ 2. How to store and retrieve data using Jakarta Persistence for review by 1 June ○ 3. How to start with Servlets / How to build Servlets ○ 4. How to use Jakarta Security / How to secure your application <p>Notes:</p> <ul style="list-style-type: none"> - Starter button issue updated and in place on website - Plans to promote this starting today. - Should we go to a preview page describing the selected options before immediately downloading?
<p>Request to promote the Steering Committee resolution on EE 11 narrative: “Resolved, the Steering Committee recommends that the Jakarta EE Working Group begin planning for the next Jakarta EE 11 release as proposed in the Jakarta EE 11 Narrative Presentation, with the following high level guidelines:</p> <ul style="list-style-type: none"> ● Target Java version 21 ● Target GA date Q1 2024??? ● Priorities: <ul style="list-style-type: none"> ● Unified APIs improving Developer Experience 	<p>Notes:</p> <ul style="list-style-type: none"> - Shabnam to share social kit <ul style="list-style-type: none"> - Please review, provide your input and then we can start to share it across our social channels. <p>Contingency Fund - recommendation</p> <ul style="list-style-type: none"> ● Given we are half-way through 2023, we are looking to be proactive in leveraging the contingency fund for key content that will support our activities ● Uses <ul style="list-style-type: none"> ● Professional video booth set up at EclipseCon to create content that will support the Jakarta EE 11 launch (create before we need it)

- New Specifications
- Build on the Latest Java
- Enable Community Contribution

These guidelines are provided to encourage a common community direction for Jakarta EE 11.

- Customers, committers, working group members
- Testimonials
- Can we generate other video styles?
- Potentially record sessions at Java community day?
- Potential need for more SWAG.

- Drumbeat update
 - New issues related to Jakarta EE 11 created in [Github](https://github.com/jakartaee/jakartaee-platform/labels/EE11)
<https://github.com/jakartaee/jakartaee-platform/labels/EE11>
- It would be helpful for members to provide a rough set of data points around uptake of Jakarta EE versions for compatible products, especially around Jakarta EE 10
